**REPRESENTATIVE DWIGHT M. BULLARD ANNOUNCES
PARTNERSHIP WITH FLORIDA ASSOCIATION OF NONPROFIT
ORGANIZATIONS**

MIAMI, Fla. -- Representative Dwight M. Bullard (D-Miami) has formed a partnership with the Florida Association of Nonprofit Organizations (FANO) to address financial concerns facing non-profit organizations.

“With economic challenges facing our state, funding will be limited again for organizations that provide critical services to the South Dade community and the state of Florida,” said Rep. Bullard. “Creative solutions are necessary to help these groups continue their community outreach.”

In an anticipation of financial challenges, Representative Bullard has created an initiative to provide training for nonprofit organizations. Fourteen organizations will be offered scholarships to attend FANO’s Certified in Nonprofit Management™ Training.

The objective of the training is to maximize efficiency, increase capacity and improve the non-profit groups’ ability to secure alternative sources of funding.

Classes will begin November 13, 2009.
